Dear Parents,

East Quogue School District is pleased to offer a Science Enrichment Program in conjunction with Brookhaven National Laboratory this summer. This three day enrichment program, beginning on July 17th and concluding on July 19th, will give our students the opportunity to explore science and engineering through hands-on activities and experiments.

The program is limited to 30 students entering 4th, 5th and 6th grades. There is a registration fee of \$50.00 per student, which covers admission to the program and bussing to Brookhaven National Laboratory. Please note that all students must be dropped off and picked up at East Quogue Elementary School. The times for the program are 1:00 to 4:00 pm. Students should arrive at the building for a 12:30 p.m. departure and will arrive back at the school at approximately 4:30 pm. Please be aware that departure and arrival times are approximate. There are no accommodations for lunch on site. No food or drink is allowed at the learning center. A snack will be provided by the Lab.

If your child is interested in participating in this program, please call the Main Office at (631) 653-5210 between the hours of 8:00 am and 4:00 pm *as soon as possible*. Students will be selected on a first come first served basis.

Sincerely,

Robert J. Long, Jr.

Robert J. Long, Jr.
Superintendent/Principal

*Mailed home on 5/21
for students entering 4th, 5th + 6th*
